### ***Secretary's Report:***

- IAD Website
  - It no longer provides free and requires a premium fee to keep the website up and running which is why IAD website got disabled. We were able to pay and got IAD back up running. We paid for 2 years but will need to be on top of it to renew when it comes to and we will need to ensure to have funds to maintain website costs. Also the link has little changed due to another fee that requires us to pay if we want a specific link address.
- Logo Vote Result
  - Community had voiced the vote and we have the result.
  - Now we are able to update the new logo on our IAD materials, website, etc.

- 
- IAD Members Contact Book
  - We had received a lot of former community members' requests to remove them from our contact book. We need to recruit more members for IAD.
  - I also have set up a group in the Contact Book that we can send out blasts to announce anything related to IAD.
